Education

2021

Bachelors of Arts

The Evergreen State College

Skills

Procreate

Adobe Photoshop

Adobe After Effects

Blender

Clip Studio Pro

Passions

Enjoy creating a mix of 2D artwork with 3D assets and experimenting with different Blender techniques.

Keen interest in the history of Western and Japanese animation and its evolution.

Experience

2020 - Present

Freelance Visual Development & Character Designer

- Conceptualized and delivered over 20 diverse character designs for indie projects.
- Collaborated with a development team to ensure the character designs met demands for animation and graphic novels.
- Redesigned multiple character designs, contributing to the final selection that enhanced the narrative and audience connection.
- Conducted extensive historical research to authenticate character costume, in order to elevate the authenticity and attention to detail.

2022-Present

Personal Projects

- Spearhead the character conceptualization for an artbook.
- Provided feedback to character concepts in order to meet the final design style.
- Developed friendly user digital art brushes on Procreate.
- Participated on multiple group indie projects.
- Created over 30 3D character props and assets using Blender.

Additional Information

Key Achievements

- Featured in multiple magazine articles centered around artist.
- Developed artwork that was used as promotional work for San Diego Comic Con.
- Submitted artwork that is currently displayed in the Florida Veteran Historical Museum.
